

WORKFORCE CERTIFICATION

Electrical Contractor's Renewal Credit

This 8-hour course is designed to provide electrical professionals with updated information on the National Electrical Code and the NC Electrical Code. New materials and procedures, as well as related code requirements are reviewed. An emphasis is given to new changes in the code. Students must bring code books to class. For more information about this licensing exam, go to www.ncbeec.org. **No waivers, everyone pays.**
