

Firefighter “Non-Certification Track”

FIP-4728: ENGINE & LADDER COMPANY OPERATIONS & TACTICS: (20 hrs.) SECTION # 74154

This is a **LIVE FIRE TRAINING COURSE!!** The objectives within this custom course will prepare chief & company level officers & senior firefighters for a variety of fireground task-oriented problems. This scenario-based course will expose participants to first due real-world problems involving structure fires, vehicle fires, flammable liquid & compressed gas fires from both engine & truck company operations.

This course is comprised of several live fire training scenarios, including vehicle fires, LPG / Flammable Liquids Burns, & Interior structural firefighting in a fixed facility. Students attending this course must comply with NCOSFM policy for participating by meeting the requirements provided in Form 200.14A Live Fire Course Competency Validation Form.

“Students participating in live fire training evolution who have received the required minimum training and prerequisites from other than the authority having jurisdiction shall not be permitted to participate in any live fire training evolution without presenting prior written evidence of having successfully completed the prescribed minimum training to the levels specified in NFPA 1403 Chapter 4.3.1.”

All participants must demonstrate they have completed the minimum requirements by completing NCOSFM FORM 200.14A with the required signatures prior to class. All 200.14A forms must be received by October 7th, 2024.

All participants and instructors will also be required to complete a pre-burn medical fit for duty assessment, as well.

Students must meet minimum age requirements (18 years of age or older).

(The 200.14A form is provided within this booklet or online <https://www.ncosfm.gov/live-fire-participant-validation-form/open> .)
