Community Foundation of Burke County Scholarships

The Community Foundation of Burke County (CFBC) Scholarship Program offers financial assistance to individuals pursuing education through various scholarship funds. These funds have been established by generous donors, including individuals, families, organizations, and corporations from our community.

Each scholarship has unique requirements. Recipients are selected on a competitive basis, considering academic and non-academic factors and demonstrated financial need. Many of the funds target students from specific areas of interest to the donor, including successful performance in high school, high school attended, and academic or career focus.
