“Western Piedmont has helped me so much in making sure that I was able to get into classes and actually afford to come to school. Scholarships help people like me get into a career instead of work a job paycheck to paycheck.”

Liliana Zamora

Burke County Public Schools Alumna, Associate in Arts

“The Better Day Fund helped me finish school. It gave me peace of mind, not having to worry about how to pay for school. I’m a first generation college student. If I can do it, anyone can do it.”

Stacey Johnson

Chemistry Instructor

“The Foundation worked with Duke Energy to secure a grant that allowed us to buy water sensors for us to use in the CREST project. This gives our students at WPCC experience with doing research and presenting results.”

“

I am honored to serve as Western Piedmont Foundation's Executive Director and to represent its work in our community. I have worked at Western Piedmont Community College for over a decade and, in that time, I have seen firsthand how our faculty and staff can help change people's lives for the better.

There is no question that every person should have access to affordable, high-quality education. This is why our Foundation's mission is so important. Please feel free to reach out whether by phone, email, or face-to-face. I would love to have an opportunity to share more of our story with you.

Lisa Miller

Executive Director, Western Piedmont Foundation

The Western Piedmont Foundation provides financial support to the WPCC community for student scholarships, public events held on WPCC's campus and professional development opportunities for faculty and staff.
